# iCam PRO
Wireless Control Module (WCM)

Features

· Teacher activated recording system via remote control
· Recording indicator shows status of iCam PRO
· Easy big button control
· Surface Acoustic Wave technology for frequency stability
· Operation frequency: 315MHz, stability better than 10^{-5}
· Low-power, long distance (50 meter), energy saving design
· Wide-ranged power input design, accepts 12～36V AC/DC
· Sound and light confirmation
· Convenient auto pairing of new remotes

Wireless Reciever Specifications

Power	AC/DC 12 ~ 36V
Current	15mA
Working current	80mA
Power capability	20A 14VDC
Connector link keeping time	2 seconds
Dimensions	123mm(L) x 50mm(W) x 32mm(H)
Weight	150 grams

Remote Control Specifications

Power	12V 23A
Battery life	Press more than 60,000 times
Control distance	> 50 meters (normal value)
Operation temperature	-42℃ ~ 45℃
Operation humidity	10% ~ 90% RH (condensing)
